Great seat series for my grandchildren! They love the Magic Tree series. 5 Stars

We love all the research guides for MTH. They are written at a higher Lexile level than the stories but it makes them fun to read together. My 6 year old doesn't have the patience to read through a research guide the entire way through on her own but together it makes for a fun project...she gets to tell me about what happened in the story to Jack & Annie and together we learn some fun facts about whatever time/place the story was about.

This is a great book for kids on pirates.

My son likes Magic Tree House books but is a bigger fan of non-fiction books (might be a boy thing).

I bought him a matching set so he is enjoying the best of both worlds!

My seven year old grandson loves these Magic Tree House books. Since he lives many hours away, he looks forward to the 'book' packages from 'Grandma'.

great item

Awesome series for my 4 1/2 year old son. We love the stories, but I especially love the research guides that go along with the stories. I love seeing my son so interested in learning!

He really only likes non-fiction books and it is really hard to find them for his age range. He has read these and took AR tests on them, and did really well. These books are something he will read again next year I am sure.
