Customer Reviews

This book is quite large and thick. 300+ pages of Inkopolis derived art from the minds at Nintendo by way of Dark Horse Comics. I am squid loving it and the art is fantastic. Go Splatoon!

This book is a fantastic addition to an Splatoon fans collection. It's pages feature high quality art from throughout the course of the creation of the game, as well as extras such as comics. The pages are glossy and durable, as is the covers. It is full of interesting facts about the series as well, deepening some lore that may have not been touched on in the game. Beyond that, there's concept art of the characters, fashion and weapons that appear in the game. For a little over 300 pages of content it is at an amazing price. I recommend this for any fans of the game. Just beware the book is fairly large and heavy! I was a bit shocked at its weight when it arrived.

Large, hardback, excellent artbook. Better than I expected! It's so big that it doesn't fit on most of my shelves, heh.
