Customer Reviews

I recently finished radiation for cancer of the throat and came across this recipe for 35 recipes for pureed soup. So for me this was my lucky day because pureed food was all I could eat for about four months. I loved this ebook and prior to getting these recipes I could not puree my food so that it tasted good. No more this greatly helps my being able to eat and enjoy what I fix. Finding this ebook was my lucky day. I love having it plus the food tastes better than what I was fixing. Thank you Pamela Kazmierczak for sharing your knowledge on this subject.

This cookbook in my opinion, is a very healthy cookbook that has delicious and light meals. Since soup is one of the things that I prepare most often in my home, this one for Pureed Soups is just what I need for my soup cookbook collection. The recipes require just a few ingredients that are easily accessible from any local grocery store. And the cost to make these recipes is low. Most of the recipes from start to finish do not take more than 35 minutes! If you love puree soups that taste creamy and love easy to make soups, consider this cookbook.

Looking through this book, trying to find recipes I would like to try, I found several errors and was also dismayed to see so many recipes with so much cheese in them, recipes that are mainly vegetable in nature. The Broccoli and White Bean Soup recipe calls for 2 cups black beans, but does not list white beans in the ingredient list. The Garlic Potato with Carrot & Celery recipe ingredient list includes: 2 potatoes, cubed 3 cups potatoes, peeled, cubed, 1/2 teaspoon black pepper, freshly ground 1/2 teaspoon black pepper powder but there is no mention of carrots or celery and the directions include this sentence, "Sprinkle with to taste seasoning". I do not trust this recipe book and do not recommend it.

I thought some of the recipes looked too good to ruin them by making a puree out of them! So that is what I plan on doing with the potato and onion soup, and the vegetable soup, make it and quit at the puree process. Now, the tomato soup would be a good pureed soup. I wasn't too interested in the pumpkin, cauliflower, or bean soups but thought all-in-all there were some good soups listed.

Happy with the prompt eservice! Very pleased with my kindle purchase! Good enough to share with a friend, if I buy a hard copy!

I am a soup lover- all year round this book is a must see/buy for the soup lover in you

I love creating soups using whatever I decide on the day I am shopping in the produce department. I make pureed soups and steamed forbidden rice to create unusual dinners.

Will be trying out several of the recipes soon. Simple ingredients is the way I cook. Will spice up a few recipes
