# Wild Eats And Adorable Treats: 40 Animal-Inspired Meals And Snacks For Kids

## Synopsis

Wild Eats and Adorable Treats is full of simple, healthy recipes that kids will enjoy because all the meals resemble kids' favorite animals. The dishes run the gamut, from breakfast delights to lunches and snacks to take to school, and of course dinner and desserts to make at home. The best part is that children will have a blast preparing and eating the dishes, shaped like different animals, such as owls, pigs, sheep, and many more. Author Jill Mills, who has three sons of her own, incorporates fun facts about the animals throughout so kids can impress their friends with their new knowledge in the kitchen and beyond! Lavishly illustrated throughout, this cookbook includes recipes like Porcupine Pretzel Pear Snack, Foxy Fruit Snack, Koala Tree Treats, Gorilla Granola Cups, and more. This is an essential book for any parent struggling to get their kids to eat balanced meals! Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

I've made many of these dishes now and they are so fun to make. I have as much fun making them as my kiddo has seeing and eating them. He gets so excited each time I try a new one. The black bean soup recipe is actually a staple in my house now even for the adults- I just add shredded Monterrey Jack cheese to complete it. Oh! I put it at the bottom of the bowl, under the soup so it doesn't change the look of the dish. The directions can be tricky (hot dog snail) but generally they are much easier to make than you would think. I take pictures of each of my dishes so I can look back and smile at the creativity.

This fun cookbook is a great way to have a memorable experience with kids in the kitchen! Oh, and the animal facts to go with the " animal " meal are another learning opportunity I'm a grandma and love to spend time in the kitchen with the young ones.... And this will give us new opportunities! Bright pics, and detailed directions ! Great gift idea too!

This is our new favorite cookbook! There are SO MANY creative ideas broken down by meal type. I love how simple these are for children to make, and this is much healthier than many of the other cookbooks out there for children.

I love how each of the recipes have a picture to inspire my girls to create some of these great ideas. We tried the puppy pot pie and it was delicious. We substituted real celery and heavy cream for the celery seed and milk. They tore it UP! This book is so unique and has gotten them interested in trying new foods...which is great for one of my pickiest of eaters. It also has gotten them off the ipods and into the kitchen for some true life lessons.

Cute

This book is fantastic! I can't wait for time with my grand angels so we can try these awesome Wild Eats and Adorable Treats. The pictures are beautiful. The instructions are easy to follow. They will make meals and snack time fun! This book will make great Christmas gifts (or gifts for any other time). I think this book is going to be a best seller!

This book is wonderful. So many fun and healthy things to make. The pictures are fabulous and the animal facts make it even more fun. I cannot imagine this book would not be a best seller. An absolute must for young ones, as well as adults.

My expectations were exceeded! It's such a cute, fun book. I cannot wait to try these ideas with my nieces and nephews. Love the "tips and tricks" section on each recipe.
