Fun to read but not for children

Got this for a friend just for fun an she liked it

I laughed every page of this book! So hilarious. If you can't tell by the title, it's not a children's book. Love the raunchy humor! Told a few friends to find it and read it, especially if you need a laugh. The next one should continue where this one ended. With the "ass". Lol

At first site, it had me curious to whether it was a kids book or an adult book. I laughed the whole time I was reading it! I wouldn't suggest it for little ones, but then again, they probably would not get the adult humor like we do. I enjoyed reading this and can't wait to show it to my other half!

If you are needing a good laugh this is the book for you! I laughed all the way through. I can't wait to
