Brain Games® Sticker By Number: Animals

Synopsis

Keep your brain engaged while creating fun, beautiful art. As in color or paint-by-number, each design is divided into dozens of spaces. Each space has number that corresponds to a sticker. Find the sticker, peel it, and place it in the right space. Watch as a full colored image emerges from the original unfinished illustration. Includes 28 animal images that range from easy to hard. The spiral binding makes it easy to use!

Customer Reviews

I was so excited to get this book. Unfortunately the stickers were not cut all the way through and only certain sides would come off the backing, if it would come off at all. Thought maybe it was isolated to one or two pages and attempted to cut the stickers myself. However, as I proceeded through the book I found all the pages I tried had this issue, so I returned the item.

I was so disappointed, I purchased this for the preschoolers that I teach and how frustrating and embarrassing to find that 2 out of 3 pictures that we have done, the stickers wouldn't pull off, they weren't cut through. Some would start to pull but when they weren't cut through, they ripped. Many I cut out completely with scissors and then had a rough time separating the stickers from the back with no starting point. :(

Looks very difficult to place the stickers in the right position.

I'm not proud to say it, but I am a "sticker by number" connoisseur. I had the highest hopes for this

but the stickers are not perforated enough. I tried the first one and this is the result. You can see where I had to pull it apart. (And I'm like really good.) Don't spend your money.

It is so frustrating to be working along creating this picture and then you come to stickers that aren't cut all the way through. Even using an exacto knife to cut the pieces still tear and create jagged edges. Don't think I will purchase another one from this vendor.

I love this book it calms me down and I feel proud of my work

Beautiful Pictures. Fun to do.

these paint by sticker books are so addicting and relaxing...i don't have to decide what color i want to color and they are easy!!! This book especially has larger stickers for starters.....buy multiple books, you will love!!
