Querido Alberto: La Biografía Autorizada De Juan Gabriel

Synopsis

La biografía autorizada de Juan Gabriel. «Desde muy niño escogí ser lo mejor. No me arrepiento de lo que hice. Muchas veces fui víctima de las circunstancias, por eso creo que uno debe hacer de su infierno la gloria, por eso no soy lo que tengo, soy lo que soy.» Juan Gabriel Querido Alberto narra la vida de una de las figuras más destacadas dentro de la música popular mexicana, Juan Gabriel (1950-2016). Nadie se imaginaba lo lejos que iba a llegar aquel cantante que en el 1971 probó fortuna grabando sus primeras composiciones, y que supo ganarse el corazón y el reconocimiento de varias generaciones, dentro y fuera de México. Este es un libro singular, escrito por Eduardo Magallanes en 1995 como un tributo a la amistad que lo unió con Juan Gabriel, de quien posteriormente fue productor y director artístico. Esta obra le cuenta al mundo los infortunios que Juan Gabriel hubo de enfrentar desde niño y la manera como los fue superando hasta convertirse en uno de los compositores mexicanos más queridos y aclamados de este siglo. Incluye reflexiones y confesiones personales de Juan Gabriel sobre la vida, su familia, su carrera artística y la música. Además contiene fotos de su niñez, de su vida familiar, y de su increíble trayectoria en los escenarios. Esta edición es un recuerdo eterno para sus fans.

Eduardo Magallanes, prestigiado músico y compositor mexicano, ha trabajado muy de cerca del maestro Rubén Fuentes y con intérpretes tan connotados como Pedro Vargas, Angélica María, Armando Manzanero, y José José, por mencionar a algunos.

This is one of the best biographies I have ever read... not because it's the best written, but the life of Alberto Aguilera Valadez is extraordinary... just like he was. A kid that came from nothing, and had absolutely NOTHING but went all the way to the top! The Zenith! Untouchable... there will never be anyone like him. He left us so many gems of music that are classics now and they will be played until the end. Almost a year after his death we are still mourning this huge loss. But please do yourself a favor and read this book... it's a beautiful sad journey of the Triumph of the human spirit... the first song I ever learned and sang... I still have recordings of it when I was about 3 maybe 4 years old was "Querida" ... so I grew up listening to him, but nobody really knew much about his life until this book came out... there were movies that were "autobiographical" but not really... the telemundo show "hasta que te conocí" although the production is not great, it's not that bad either, but it is great and I also recommend it... it will make you cry out of sadness and at the end you will cry tears of joy... Mexico misses you Juanga, that Mexico you so dearly loved! He never sold out and recorded in English, he wanted to sing to his people! And sold millions and millions of records...

As fan of the Song writer and singer from Mexico, found his biographic book, interesting, appealing, fun and easy to read, Got two items, one for my personal entertainment and reading, and another for a good friend of mine, also fan of Juan Gabriel, artistic name of Alberto Aguilera. He thanked me and appreciates the book he's also enjoying its reading.

Just what I wanted. This book was offered for almost \$2.000.00 the day after this famous singer and author died. Excellent biography of this incredible human being. A must. Ah, Delivery was fast. Good seller
