The Spanish Inquisition: A Historical Revision, Fourth Edition

Synopsis

In this completely updated edition of Henry Kamen's classic survey of the Spanish Inquisition, the author incorporates the latest research in multiple languages to offer a new and thought-provoking view of this fascinating period. Kamen sets the notorious Christian tribunal into the broader context of Islamic and Jewish culture in the Mediterranean, reassesses its consequences for Jewish culture, measures its impact on Spain's intellectual life, and firmly rebuts a variety of myths and exaggerations that have distorted understandings of the Inquisition. He concludes with disturbing reflections on the impact of state security organizations in our own time.

Book Information

Customer Reviews

"Henry Kamen's The Spanish Inquisition: A Historical Revision remains the best one-volume survey of this well-studied institution . . . lucid, engagingly written." —Gretchen Starr-Lebeau,

Journal of Religion "Kamen's 1965 The Spanish Inquisition set a standard of clarity and objectivity in a traditionally contentious field. This new edition, the fruit of 50 years of scholarship and meditation, corrects with hard facts and penetrating analysis many entrenched myths about Spain and her 350-year-long Inquisition. It will set the agenda for the next generation of Spanish intellectual historians." —David Gitlitz, author of Secrecy and Deceit: The Religion of the

Crypto-Jews "Kamen's work remains the most accessible, comprehensive, and substantively argued English-language introduction to the Spanish Inquisition." —Kimberly Lynn, Western Washington University

Henry Kamen is a fellow of the Royal Historical Society and a world authority on Spanish history. He lives in Greensboro, GA, and Barcelona, Spain.

An outstanding body of research. Should be required reading for anyone interested in the Spanish Inquisition. An excellent job of dispelling the myth surrounding this period of history.

As a pluralistic secular society it's difficult for us to objectively understand what motivated those who lived in what was essentially a confessional state. Additionally, because of our view it's easy to see and condemn the abuse of the inquisition especially when 300 years of such abuses are surmised in about 20 hours of reading. Still the author does a nice job of separating fact from fiction. Still it's important to realize the international historical context on the inquisition which was mostly beyond the scope of this book.

No problems

I really got a lot out of reading this book. It is a scholarly book, but is accessible to the general reader. Kamen takes pains to put the Spanish Inquisition within its context of historical, political, and practical spheres. Dare I use the word "balanced" to describe this portrayal of the much-maligned institution? In another field, Kamen may be considered nearly an apologist, but careful reading of the text reveals the author not so concerned with defending the Inquisition as with avoiding the calumny that has plagued other portrayals. I read this book to prepare for and as an accompaniment to a trip to Spain, and it most definitely enriched my experience of that country. I am glad Kamen took the time and care in writing such a thorough depiction of the Spanish Inquisition. Not a short or easy book, but highly recommended to those who want more than the grotesque voyeurism of most Inquisition media.

This book was shipped immediately and arrived beautifully packaged! My husband could not be happier in fact he's reading it right now!! Best book seller! Highly recommend!!!

As advertised, very good service

I read this book. It uses actual data from the archives. Kamen is not Catholic and so has no reason

to be biased in favor of the Church. He simply destroys the usual falsehoods about Catholicism and the inquisition. Do you think millions were executed? Well Kamen proves that is a lie. This is real scholarship by someone who knows his stuff.

Quick ship, book was as described, thanks.
