Customer Reviews

I ordered "The Nineties" because a friend of mine had lent me her copy and I loved it. So I ordered the book and enjoyed it. The arrangements do a wonderful job of maintaining the original song's sound. However, I feel that the book was rushed in its production... I don't think a book of 90's music should have been released before the 90's were over. As a result of this, many recent hits are not included. The book also has many controversial groups (boy bands...etc.) and not much in the line of rap or anything. Overall, a great buy but don't expect too much from '99.
