Dear Luke, We Need To Talk, Darth: And Other Pop Culture Correspondences

Synopsis

We all know how Darth Vader shared his big secret with Luke Skywalker, but what if he had delivered the news in a handwritten note instead? And what if someone found that letter, as well as all of the drafts that landed in the Dark Lord's trash can? In the riotously funny collection *Dear Luke, We Need to Talk*, Darth, John Moe finally reveals these lost notes alongside all the imagined letters, e-mails, text messages, and other correspondences your favorite pop culture icons never meant for you to see. From *The Walking Dead* to *The Wizard of Oz*, from Billy Joel to *Breaking Bad*, no reference escapes Moe's imaginative wit and keen sense of nostalgia. Read Captain James T. Kirk's lost log entries and Yelp reviews of *The Bates Motel* and *Cheers*. Peruse top-secret British intelligence files revealing the fates of Agents 001-006, or Don Draper's cocktail recipe cards. Learn all of Jay-Z's 99 problems, as well as the complete rules of *Fight Club*, and then discover an all-points bulletin concerning Bon Jovi, wanted dead or alive - and much more. Like a like a bonus track to a favorite CD or a deleted scene from a cult movie, *Dear Luke, We Need to Talk* Darth offer a fresh twist on the pop culture classics we thought we knew by heart. You already know part of their story. Now find out the rest.

Best Sellers Rank: #57 in Books > Audible Audiobooks > Humor > Parodies #875

in Books > Humor & Entertainment > Humor > Parodies #2258 in Books > Audible Audiobooks > Nonfiction > Social Science

Customer Reviews

I was having a really bad day and was feeling pretty down (there was an unexpected boat explosion, what can I say). I bought this book with the hopes that it would cheer me up...and boy did it ever. This book is funny and insightful. If you love *Mystery Science Theater 3000*, you will enjoy this book.

Sweet fancy Jimothy, John Moe's outdone himself this time. I've been a fan for a while through Twitter and the Wits public radio show, but this book may be his best work yet. It's smart, funny, and good-natured, which is a rare treat. If you're an old fan worried about lingering effects of the boat explosion, don't. Moe is still as sharp as ever. Grab this book as soon as possible!

Stories are inconsistently funny. Some of them are hysterical (see the extremely well written Supreme Court opinion from Horvitz v Horvitz on whether you have a right to party), some of them not so much. My suspicion is that everyone will have their favorites based on what aspects pop culture they grew up with. I'd highly recommend it though just for the ones that you will enjoy. You can skim the rest.

You should read and enjoy this humorous book by John Moe, a humorous human being who is also a professional humor-making person. Think of it this way: How sad would you be if you heard that Tim Duncan had been killed in a boat explosion? Very sad, right? Well, reading this book will give you the precise opposite of that emotion.

I looked forward to this and was not disappointed. Though some of the pieces have shown up on Wits (or McSweeney's), I really like the changes in the book-version. At least one sketch that I think did not completely come together on the radio show really works nicely here.

A clever mash-up of post-therapeutic pop-culture. I loved how this collection made me nostalgic for my long-loved characters in an ingenious new way. A great gift and perfect summer read for the cool kid in you. You will laugh out loud, and regift it to someone you love.

I'll admit, when my friends Jimothy and Bekany recommended this book, I was skeptical, but boy is this book great! It really fills the time during my breaks between ghostcatchering. This book is a veritable boat explosion of laughs!

I caught an interview on NPR and wanted to pick up this book for quick reads like plane rides sitting by pool. VERY funny sense of humor I can only imagine the thought process behind some of stories! Great Fun Thanks . I suggest getting the paperback version not E-Reader nice table top book also.
