Love it is a sad thing to say. It is VERY informative about the culture in the South at the time of slavery from multiple view points. Actual testimonies of people during that time make it riveting, so it

is not a shallow one dimensional body of work.

Pretty extensive vocabulary for an uneducated slave!

Interesting read for those who didn't realize how horrible it was to be a slave.

Very good

good read

Excellent reading about life of my people before American became enlightened about the rightness of equality.

Good stuff, genuine tales of slavery from those subjected.

Love history especially Africa American.
