I really like this book. My son and I learned a lot, it is easy to read, well organized. If you are looking for a beginning educational book, you can't beat this.

I use this with Meet the Great Composers book 2 for my homeschool class of 5 with ages from 8-17. The CD is nice to have but not absolutely necessary as you can find most of the composers on youtube. Each lesson is 20 minutes and helps children with appreciation of music.

My kids ages (9 and 7) have LOVED working through this book and can't wait to get the next one.

I love this book and book 2 of Great Composers! We have used them in homeschooling and they are a great introduction of composers for children.

Great short study for my homeschoolers. We love listening and making up ballets to go with our

Composer of the week.

Great for home-schoolers to learn something about musically greats!

Love it. Great addition to our homeschool week. Good choice for an extracurricular.

Perfect has games and easy to read. Purchased for Grandson (10) his piano teacher always is asking does he know the composer so I thought this would help - he loves it.
