Ever Increasing Faith

Synopsis

Faith is an amazing thing. The Lord Jesus said if we would have faith as a mustard seed, we could tell a mountain to be removed - even have it cast into the sea. Few men have shown this to be true like Smith Wigglesworth. I believe God raised this man up for us to see the possibilities that faith brings in a world of doubt and sickness. It is no small thing to perform a miracle, but God in us can do such a thing. Friends, let us learn from this man and grow in our faith. God is with us if Jesus is in us, so let us rise up to our mighty calling and make our Father proud by exhibiting true faith!

The book contains a little about Smith's early years before moving on to his sermons. The book is a compilation of his sermons. In each chapter Smith emphasizes our faith in Jesus through Scripture and personal accounts for his ministry. His writing is Biblical and inspiring. However I could not give it five stars due to some of his beliefs. Two of them I would like to highlight. 1. He tells some that the reason they are not healed is that they do not have enough faith. You need to believe more to be healed. 2. To be filled with the Holy Spirit is only evident in speaking in tongues. Smith describes himself as a Pentecostal. So his sermons hence the book is based on his Pentecostal understanding. If you can get passed the two things I mentioned above, then the Scriptures and miracles and healings will do what the title of the book states. It will increase your faith. This book or a chapter or two may be good to read before ministering to someone, you are feeling down, etc. We all at times need to increase our faith to believe God for the impossible. This is a good book to use

because it is not lengthy or overly technical.

as an old Swede it is interesting both books, I was truly Blessed, as an old Lutheran background I am so glad that I found a church that truly teaches the word of God. I won't tell you which one, you need to look, study the word of God the Bible, and see what great miracles will happen in your life.

As I read this book I began to see it almost as a training manual for life in the Spirit. I found my hunger for the FULLNESS of the Spirit reawakened in me and I was spurred on to seek With All My Heart the next level of Relationship and LIFE WITH THE HOLY SPIRIT on my own spiritual journey to Maturity. What I didn't like: that it ended. I want to camp on the chapter about the Gifts of the spirit and just chew on it. If you are an English major you may find the spelling and grammar errors scattered through the book to be a distraction. I recommend this book to any person who is hungry to walk in a dimension of the Holy Spirit that empowers one to lay hands on the sick and see them recover. If you are hungry for more of God and to know what He can do through you, I you read this book.

Opens a series of questions as to why we don't seem to see these types of miracles today in the west. A very thought provoking book.

For those whom desire a deeper relationship with God. Who aren't satisfied with average, but desire ALL that God has for them. Many testimonies of Gods power and desire for us! To walk in love and faith, believing and trusting moment by moment. Bonnie

Smith Wigglesworth wrote this full-gospel book to explain miraculous healings and the Baptism in the Holy Spirit. He also writes of tongues accompanying the Holy Spirit Baptism and the separate Gift of Tongues. It is by far the best book I've read on the topics.

Excellent book by a powerful healer who lived when medical knowledge was limited & who dedicated his life to seeking God & to praying for the sick. He shares healing Scriptures, true stories of powerful healings, & clarifies what does &/or does not align with God's Word & intent.

The book is amazing. Your faith will be lifted mightily and you will be encouraged to trust God for anything. But will someone PLEASE edit this book and remove about 50 typos and errors?!?!
