Sometimes family vacations can be tricky. You can plan plenty of activities for the kids, but all they want to do is to stay in the hotel room and watch TV. You drive hours and hours to a famous attraction and when you get there you find out that the kids are only interested in their mobile devices. When you return home you realize that the kids don't remember much about the new places you were visiting. Well, maybe it never happens in your family, but in case it does, don't worry! you are not alone. NEW!!! Kids' Activity Book series (Ages 4-8). The perfect way to learn about new countries and cities through coloring pages and fun activities. Get ready for hours of enjoyment and learning with Leonardo. Enjoy Kids' Activity Book to Europe and the USA. Kids' Travel Guide series (Ages 6-12) - Make sure your kids get the most out of the trip. Together with Leonardo, their very own tour guide, your kids will have so much fun discovering new countries and cities with "juicy information," challenging quizzes, special tasks, and colorful activities. Enjoy Kids' Travel Guides to worldwide destinations: Spain, Germany, Australia, USA, New York, San Francisco, Los Angeles, San Diego, Washington, DC, France, Paris, United Kingdom, London, Thailand, Bangkok and many more destinations. I purchased 2 books from this great series for my nieces. They absolutely loved reading about all the fantastic places in Washington and interesting culture and places in Germany. They wanted the paperback version now so they can scribble the answers and write in the journal too! They visited Washington D.C. last year and it was a great reminder for them.

This book is great for kids that already know how to read and it's actually teaching them how to use a travel guide too. I like that kids can get away from their electronic devices. Could be great for homeschooling resource even if you don't plan to visit. I downloaded 3 guides until now: Los Angeles, San Diego and Washington, DC (the latest). My kids enjoyed each and every one of them. I plan to purchase the physical books also.

This guide book is amazing for kids! So full of information written just for them and the activities are definitely a plus! Great resource for families like ours that homeschool their children and travel from time to time.

A fun little hands on activity book for kids! My son loved filling in the information and having a little scrapbook of sorts from our trip to DC.

Great activities for kids

My wife and I have been to Washington already so we are looking forward to show our grandchild this amazing city too! We thought it will be good for them to learn about it although they don't plan to visit soon. They looked through it yesterday and they loved it very much!

This is a fun and educational look at Washington, DC for kids. Helps kids understand the importance of the city, and some basics about US history and government, while keeping them entertained with activities and behind-the-scenes info. As an adult, I enjoyed it too!
