We bought this board book as a way of letting our family in Wisconsin know that they were going to get new "titles" in a few months. The book was the perfect way to share this great news because it was cute, useful, and covered a good swath of Wisconsin through its picture and story. Highly recommended for anyone who is from Wisconsin, has visited Wisconsin, has kids, or is going to have kids! Both adults and kids will like the pictures and the simple story.

Stock but cute. The company picked out nice things about our state and the illustrations are sweet. A good addition to the series. Plan to gift it a grandchild.

I found this to be a very good book to introduce my three year old to some of the special things about Wisconsin. It's very simple - saying good morning, good afternoon, and good night to various places, people, and events in Wisconsin - with simple but pleasant illustrations. It's far from my favorite kids' book, but my son likes it, I like it, and we both learned a little bit about the state through it.

This book makes a great gift for any Wisconsin native who has relocated to another state and wants their children to know something about where they came from and for any adult who wants to reminisce a childhood memory. It's fun!

Wonderful book about Wisconsin. Our granddaughter lives in AZ. and should know about Wi. Her Mother was raised in Wisconsin.

We love these books and can't say enough good things about them! We are collecting all 50 states for my 1 year old daughter. She loves th photos and I hope it will familiarize her with each of them as she gets older.

We bought this book for our 18 month old as a bedtime book. He loves it and we love that we can teach him a little about his state and where he is from while getting ready for bed.

Just as expected in time for our trip to visit family
