Customer Reviews

Houghton Mifflin grade 3 hardcover student textbook, copyright 2005.

good for homeschooling

This is a great book for our son for our homeschooling. Easy to follow and to understand.

My daughter has learned so much with this textbook. Her school does not use textbooks and it pisses me off soooooo bad. i feel like learning is best with actual BOOKS

Common sense book I guess it is okay as a guide, but really my daughter didn't need a book to explain these concepts. She already knew them.

Useless information in a really boring format. It skips from subject to subject without any depth (even for a 3rd grade book). I was so disappointed by this book. I stuck it in the recycling bin. I didn't even donate it to the library (like we usually do).

Good

Every order was excellent!!

Great books
