Enjoyed this book. Try it and I feel You will like it. Short but , You want to read to SSE more.

I really loved reading this book .

Good read

This story shows how we should have faith in God and trust in our spouses. We need to talk things out instead of making assumptions.

This was a special story about people finding real love then being faced with their past that they had failed to talk about. The couple were happy until a woman showed up claiming to be his wife. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters .

Thanks Katie for another sweet story. I enjoyed this as much as the others . Keep the m coming thanks

Young women that lost their parents early in life had little choices. They were at the hands of others decisions. Tara found happiness with her husband but it was short lived. Another wife changed

everything. Tara learned from that experience to not be judgemental before the facts. Good for young readers. Sonja Stover Bracey

Great title for this short story. Poor Tara I was really feeling sorry for her I certainly could not put myself in her shoes. I don't know what I myself would have done. I recommend this book.
