Great book for kids if your child faces either anger management issues or abuse. It was a great lesson for him to learn that a person can feel hurt not only physically but words can hurt too so you always need to be kind. You should not use language that you yourself would not like anyone to say to you.

Very good book for kids who struggle with hurtful words. My mouthy 4 year old is the reason I bought it. I have other books in this series & they are great. This was is great too! Easy to read, simple to understand for a young child.

My son loves this book. We use the simple "story" (just a few words on the page) to talk about what is happening and draw parallels to issues we are having. He can definitely relate.

I love the bilingual option for this book. A great tool for teaching respect and compassion.

I like this book, though I think it's a little lengthy for a toddler

Very helpful for my class. Sturdy and bilingual is important for all of my students. We have re read this story every time there is conflict and hurtful words were used. The delivery was fast and convenient.

Came fast and very well packed and in excellent condition. Was a Christmas gift to my GREAT grand daughter. Very appropriate for her age, 3 years old.Thanks!

Great book!
