# Conversational Arabic Quick And Easy: Emirati Dialect, Gulf Arabic Of Dubai, Abu Dhabi, UAE Arabic, And The United Arab Emirates

## Synopsis

THIS BOOK DOESN'T CONTAIN ANY ARABIC LETTERS! ALL ARABIC WORDS IN THIS BOOK WERE WRITTEN IN ENGLISH-TRANSLITERATION! Have you always wanted to learn how to speak the Emirati Arabic Dialect but simply didn't have the time? Well if so, then, look no further. You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work—discoveries that are detailed further in this book—Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant—now. If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise Arabic, this book is not for you. However, if you need to actually hold a conversation while on a trip to Dubai or Abu Dhabi, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This book is recommended for those who already have some prior knowledge of the pronunciation of Arabic accents (such as the Arabic accents: ayin, ghayn, ha, and khaf). For those of you who do not, this book does indeed provide some great, in-depth techniques on the pronunciation and recognition of these accents, that you will encounter throughout the program. These techniques have proven extremely beneficial for beginner students who were previously unfamiliar with these accent pronunciations. But keep in mind this isn't a pronunciation book. This method is designed for fluency in a foreign language, while communicating in the first person present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. Therefore, unlike other courses, all words in this program are taught in English transliteration, without having to learn the complex alphabet. More formalized training in grammar rules, etc., can come later. This is one of the several, in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With Conversational Arabic Quick and Easy, all you need are fifty-three pages.

Learn the Arabic Dialect of the United Arab Emirates today, not tomorrow, and get started now!

## Customer Reviews

Exceptionally well written, extremely articulate Makes you understand the Arabic of Dubai. Wish I can give 6 stars.

The cover is the Burj Arab, he should have placed the Burj Kalifa on the cover instead. I did not have any family in UAE so the book was not that inviting. I did not come across the word for a Mosque in the book, So I was not able to ask "Where is the Mosque?" when I was lost. Also Arabic Script is not included in the book nor does the book come with a CD. There were some typographical errors in the transliteration. Definitely, visit Dubai and use English.

I have a friend from Dubai and i showed him this book and he said these are the correct translations of Emirati gulf Arabic. I enjoy learning from this as well. Shukran
