The book arrived with the cover completely covered in scratches. I know the silvery style of the cover makes it more susceptible to scratches, but it was so bad I had to look up my order to see if I

accidentally bought a used one . I am keeping the book, but would have been really disappointed if I had bought it for a gift and it arrived looking like this.

It was just a very short book. Just the song, rain rain go away come again another day, the little children want to play, so rain rain please go away. Hooray! Cute, but wish there was more.

Another great little cardboard book for tots that is so easy to carry around and read too.

My 22 month loves to sing the song..so it's perfect. It just has the main chorus line of the song.

Received as described. Absolutely no problems with this product.

My granddaughter loves when I read the story to her.

Gift for granddaughter

Love the artwork of this artist. It's a cute simple book with bright colors. Love the silver background
