The Joy Of Love (Amoris Laetitia): On Love In The Family

Synopsis

Maybe you come from a happy family, a healthy family. Or maybe yours is a flawed family, a struggling family, a broken family. Maybe you're scared to get married and have a family. No matter who you are, you are part of a family, and Pope Francis wrote this love letter to you. He addresses all the myriad realities of families today with compassion, hope, and encouragement. Pope Francis sees marriage as a dynamic path to personal development and fulfillment. Instead of wasting energy worrying about our family struggles, we can find creative, transformative ways to offer truth, mercy, and hope to our loved ones. Love enables us to see, beyond all else, the great worth of a human being. With enthusiasm and joy, we can celebrate all that it means to be part of a family.

Customer Reviews

POPE FRANCIS was born Jorge Mario Bergoglio on December 17, 1936 in Buenos Aires, Argentina. He was ordained as a priest in 1969, became Archbishop of Buenos Aires in 1998. He was elected pope by the College of Cardinals following the resignation of Pope Benedict XVI on March 13, 2013. His life has been marked by a deep humility, concern for the poor, and a passion for engaging people from all walks of life in a conversation about the role of faith in our lives and in the world.

I have been married to my best friend for 40 years and we have two children, a son, 38, and a daughter, 35. Family was always our priority but it turns out that raising children together, to be fun

and rewarding, demands a willingness to continually grow - otherwise you can't keep up with your kids. Pope Francis captures the spirit perfectly. I am not Catholic, in fact, I have been allergic to church since I had a run in with nuns when I was 5. But real spirit is unmistakable. Pope Francis has it. His perspective is profound.

The Pope. Is right on with the importance of the family

A wonderful book. Consoling, affirming, loving and supportive in so many ways.

Being Catholic biases my opinion. It was recommended by my spiritual director and friend, and could not wait to get it. So inspiring. Great advice about commitment, love, relationships and marriage. Excellent philosophy, easy read and just beautiful.

Inspiring, Full of insights. Pope Francis shows a remarkable understanding of relationships in the real world and combines it with his theological knowledge in a way that is easy for the layperson to read and understand.

It's an enjoyable read from cover to cover and just to pick up and read in bits and pieces.

Met my expectations

Excellent!
