Exploring South America, Grades 5 - 8 (Continents Of The World)

Synopsis

Take students in grades 5–8 on a field trip without leaving the classroom using Exploring South America! This 48-page book features reading selections and assessments that utilize a variety of questioning strategies, such as matching, true or false, critical thinking, and constructed response. Map projects and hands-on activities engage students in learning about the physical, political, and human geography of South America. For struggling readers, the book includes a downloadable version of the reading selections at a fourth- to fifth-grade reading level. This book aligns with state, national, and Canadian provincial standards.

Customer Reviews

Good over view of the geography of South America. Have used other volumes in our homeschool as a supplement to our geography curriculum. Lots of good basic facts in one place.

Great addition to my Social Studies units!

Great maps to use for students!

This little book has so much information packed in, it's great to use in the classroom. I absolutely love it.

Nice
