Yep, these are fun and hilarious! These are definitely stress relievers as they are the best coloring pages I have. I have many books, but this one is by far my favorite. It is very relaxing to color to begin with and when you can color and laugh so much, it proves to be a stress reliever. I highly recommend these.

I bought this for a friend undergoing chemotherapy. I figured this would make her treatment more tolerable so she could take her mind off them while coloring. She said it makes her burst out laughing every time she turns the page to see a new phrase. :-) I would definitely purchase this again!

Nothing better than being able to color the words that I would love to utter to my kids after a trying day. Pleasant way to rid myself of some stress while coloring with my kids. They may not know what mommy is coloring, but we all enjoy the quiet quality time together. A big bonus for me is that the backgrounds are black.

Funny designs to color. Some more detailed than others. Back of pages are blackened so only one picture per page but they are safe to use markers with that way.

My new favorite word was on the cover. I couldn't resist!

I had much higher expectations. Definitely made somewhere outside of the US, bcuz the slang is horrible on several occasions.

my daughter loves her coloring book! thank you.

I've been enjoying this book!
