Epic Spots: The Places You Must Skate Before You Die

Synopsis

Whether you need to hitchhike, hop a freight train, or mow 1,000 lawns to afford a plane ticket, there are certain places on this planet you just gotta skate. From the folks who brought you *Insane Terrain* and *Skate and Destroy*, as well as skateboarding's monthly bible, *Thrasher* magazine, comes the newest must-have skate book: *Epic Spots*. From the hills of San Francisco to the DIY concrete under the Burnside Bridge, or even the fast sandpaper surfaces of Hawaii's legendary Wallo's ditch, *Epic Spots* is a sensory overload of color photos and words from the legends who first skated these Meccas—all the stoke you need to hit the road on your own epic search! *Epic Spots* offers up dozens and dozens of guides to these spots around the world. Aside from specific locations and directions, each spot will be rated as to the quality and features of its terrain; whether the structure was built specifically for skateboarding, and if so, who was behind the construction; suggested skill levels required to ride the park or spot, a list of its good and bad aspects, and whether or not pads are required.

Customer Reviews

In January 1981, a group of San Francisco skateboarders put together the first issue of *Thrasher* magazine. It has remained in the forefront of skateboarding since, and today it is bigger and better than ever, its name synonymous with both skating's roots and constant evolution.

Doesnt even give addresses. NOT EVEN like a HINT at where it is. Just the CITY, or it will be a

nickname of a spot. I mean how the hell are we suppose to go skate them if we cant find them.
LAME.pics are cool, thats why i gave two stars.

go find all of these spots in the world and attempt to ride them all.... again Thrasher kills it with this book... great photography and killer skate spots.

The book came beautifully wrapped, no need for gift wrapping and in great condition, almost like new! Outstanding service! Thank you!
