Customer Reviews

Enjoyed all the Celtic Woman Cds and the Songbooks.

As a fan of Celtic Woman, especially the original cast, I just had to have this book of sheet music of their Christmas Celebration. Some of the music is a little odd in the sheet music form, but other pieces in it are very good. I'm especially fond of The Wexford Carol. It includes the piano accompaniment and the vocal score. It isn't too difficult to play, about intermediate piano playing level. I'm enjoying having this collection.

I love Celtic Woman, so there is really nothing that could go wrong with this book! For guitar, it has chord charts.

I could not be more pleased with this book, it is just as great as the first book that CW put out. I was also very pleased with the song list of the book, having every song from the CD plus one from the DVD. I do not play piano but play violin and am very pleased to tell you that this book has Mairead's violin parts as well, like the first book. If you are any kind of Celtic Woman fan, this is a must for you collection.

love the music

Bought this for my daughters piano teacher. She loves it!

Wow..good

In playing the piano and violin, my daughter also is learning to sing harmony and wanted the Celtic Woman's arrangements to do that with. She loves it!
