Best Funny Jokes: The Best Funny Jokes, Puns, Short Stories, Anti-Jokes, & Riddles

Synopsis

Have you ever been in a situation where you need to lighten the mood, or just want a few moments to make your friends, family or coworkers laugh? There's no better way to do that than by telling them a joke. Jokes, riddles, and funny stories are a time-tested method to put anyone in a better mood, or even impress that special someone by showing off your humorous side. Gathered in this collection are some of the funniest, wittiest, dumbest, most groan-inducing jokes you and your soon-to-be-audience have ever heard. Be prepared to chuckle, snort, laugh out loud, and even roll your eyes at the jokes, stories, anecdotes, and riddles in this book. Warning: There are some...how should I put it? Less than work-appropriate jokes in here. Some may even be downright offensive to some people. Know your audience before telling some of these jokes or, at least, be open to the thought that not everyone has the same sense of humor as you do. (They're just wet blankets, though. They don't deserve to laugh at your jokes, anyways!) Please, enjoy! This book may contain material that can be considered lewd or offensive.

Customer Reviews

The jokes are funny. That said, there needs to be a bit of parental/buyer warning that there is a chapter of dirty, REALLY DIRTY, jokes. Nothing stated that. Fortunately the first person that read it brought it to my attention so I didn't have to find myself explaining adult humor to younger children. The back cover does warn there is some lewd and offensive content but at that point you've already bought it. (Hopefully you haven't also already gift wrapped and sent to unsuspecting families with

young minds). The rest of the book is great and kudos that these are new jokes...not just repeats of what you've already heard...just be forewarned on one of the chapters~not appropriate for all readers. IF THAT is the humor you are looking for...found it!

This book is great in giving you new jokes to lighten the mood with friends and family. I really liked a few of the jokes especially the one about atoms. There is also a few short stories which I liked, all round, I really like this book a lot.

I really enjoyed these jokes and When I narrated those to my family, they also enjoyed.
