Six Great Dialogues: Apology, Crito, Phaedo, Phaedrus, Symposium, The Republic (Dover Thrift Editions)

Synopsis

Plato's brilliant dialogues, written in the fourth century B.C., rank among Western civilization's most important philosophical works. Presented as a series of probing conversations between Socrates and his students and fellow citizens, they form a magnificent dialectical quest that examines enduring political, ethical, metaphysical, and epistemological issues. Here, in one inexpensive edition, are six of Plato's remarkable and revelatory dialogues, each translated by distinguished classical scholar Benjamin Jowett. *Apology* defends the integrity of Socrates' teachings. *Crito* discusses respect for the law. *Phaedo* considers death and the immortality of the soul. *Phaedrus* explores the psychology of love. *Symposium* reflects on the ultimate manifestation of the love that controls the world, and *The Republic* ponders society and the philosopher's role within it. Stimulating, dramatic, and always relevant, these dialogues have profoundly influenced the history of intellectual thought, and offer crucial insight into mystical, aesthetic, and other aspects of Platonic doctrine.

Customer Reviews

Plato ranks among the most familiar ancient philosophers, along with his teacher, Socrates, and his student, Aristotle. In addition to writing philosophical dialogues – used to teach logic, ethics, rhetoric, religion, and mathematics as well as philosophy – he founded Athens' Academy, the Western world's first institution of higher learning.

Very good format for philosopher lover and people interested in philosophy. Very good translation and outstanding value for money with 6 dialogues in the same book. May be expert philosophers would need more notes, but more than enough for casual readers.

What a cool cat Socrates is (and by extension Plato). Made it through first four dialogues, skipped number five, and now am 30 pages into the Republic, my reason for the purchase in the first place. The basis of Western philosophy (alongside Judeo-Christian thought). Great stuff.

This is such a great book, and you get so much for so little. The text is perfectly clear, the contents are perfectly arranged, and you really get everything you would need to study Plato. I am just so pleased with this edition, I gladly recommend it to everyone.

Nice collection of Plato's Dialogues. However, the text is jam-packed on the pages with a small font and that makes it a bit uncomfortable to read.

Good compact combination of Plato's Dialogues.

What a deal! The Republic and some of my favorite dialogs in a practically free book. Font is a teeny bit small but print is clear and readable, paper so-so, pages pushed close to the margin. Jowett translation was a standard for years and is fine. This is a no-brainer. Thank you, again, Dover. Wish this were available in a deluxe edition. Be sure to check out the other Dover editions that have a couple of dialogs each. Like this: A Symposium and Phaedrus (Dover Thrift Editions)

Great book. I hope to successfully complete my learning the Greek language to read Plato in his native tongue someday.

Tough to get through but very good. Socrates and Plato are ones that pushed into existence western philosophy. This book's translation makes easy some difficult scenes in the books. It is a very slow read, but if you are into philosophy, it is a must.
