Amazing book

Product as described.

My granddaughter is a dedicated gymnast and adores Shawn.

Kids love the book

My 10 year old daughter enjoyed this book. She has used it for a class book report. She had no problems with the reading level, but did notice some editing errors. She was thrilled with all she learned about Shawn Johnson.

It was fun to read but there were some grammar issues. You had to try to figure out what it would really say.

Bought for daughters 5th grade book report. Great photos, grade level read. Answered the question, why was Shawn Johnson important enough to have a book written about her.

Great
