care- Giving shots- Dental exams- Wound care- Checking vital signsÂ

I got this for my friend who recently acquired a couple horses. She said it has been very helpful.

Good book to have around. It has the basics in it. I still found a few items I didn't know about until reading the book. Cheap and would recommend the book.

As novice horse owners, this was a great book with great "how-to" pictures. Will be a great reference. The book arrived well packaged and in the expected time frame.

Love it

This woman is right on!! Awesome writer. I go to no one else for reference books!!

Great for early riders

Such a nice book. Very helpful as reference.

It is a classic
