Counterfeit Dreams

Synopsis

Scientology presents a glittering public façade, with smiling celebrities, polished videos, slick TV ads and impressive buildings. It is an image that Jefferson Hawkins helped to craft in his 35 years as a top marketing executive for the Church of Scientology. Yet behind that façade is a hidden world of physical and mental abuse, sleep deprivation, labor camps, family disconnection and human rights abuses. It is a nightmare world that is carefully hidden from public view. Counterfeit Dreams is a must-read for anyone who wants to know the truth about today's most controversial cult.

Customer Reviews

This book, like many I have read by former Scientologists, tells the same story about the brutality of this cult. Countless people reveal inside details that only first-hand experience would provide. Mr. Hawkins is one of those brave souls who dares to speak the truth. My thanks.

Easy read. Very interesting! Gives insight into Scientology, a window into the world little is known

about. Would recommend the book.

A must read for all Scientology Cult survivors.

This is an American experience. I think back and but for chance that cwould have been me. So many, if not all, of these experiments ended up with a sociopath in charge. Hawkins lays it out in gruesome detail. How it went from youthful idealism to nightmare horror. I recommend this book to all young idealists. Keep your eyes open.

Jefferson Hawkins, gives a real life account of the a cult named Scientology. David Masgaive is Hitler in modern day, and like our Lord Jesus predicted so many follow him. A Wolf in sheep's clothing modern day evil.

well wrotten
