Pride Of A Viking (The MacLomain Series: Viking Ancestors' Kin Book 5)

Synopsis

Two men tore Erica's world apart in another life. One was the man she loved and the other the enemy. Now both are back, and it's up to her to make sure an ancient blood feud doesn't destroy everyone she cares about. That means steering clear of her dragon mate. But sometimes memories are too strong and the past too powerful. Or so it seems when she slips back in time and ends up on an unexpected journey with a man she was determined to forget. Having confronted who he once was and what he did in a previous life, Kodran Sigdir sets out to seek answers. He needs to better understand his part in an age old war and keep his distance from Erica. They should remain apart. Yet destiny seems to be drawing him back to her. How he once felt. All he gave up. Could things go differently this time? Or will the risk to their people be too great? Find out as Erica, Kodran and their kin go up against the enemy one last time in *Pride of a Viking*, the epic conclusion of *Viking Ancestors* Kin.

Customer Reviews

I was given an ARC of this book for an honest review and purchased the published addition.

absolutely adore Kodran, he is the kindest, sexiest, most sensitive and yet manly MAN. The twist and turns in the history through the Ages of Erica and Kodran kept my head spinning and my heart praying for them to finally get a chance to be together in this lifetime. While I know that a good author is supposed to make me hate the Evil guy and want to hurry to the end to see if he gets what's coming to him, and of course I do, this story to me was more about the love! As always Sky ties together all the threads of the people we met through the series into a climatic ending and once again love wins the day. There was a surprising character popping in here and there, I won't give away any spoilers, so all I'll say is I was thrilled by this "new" character and can't wait to spend more time with him in the next series. He was a refreshing burst of light in some of the darkness Kodran and Erica had to navigate through. I highly recommend this book, my favorite in this series, but of course you'll want to read the whole series and meet all of Sky's wonderful Dragons and their special ladies. During a psychic reading I had many years ago when I asked about the man I was dating, now my husband, she looked at me and sighed "now you know what true love is". When I think about Kodran and Erica I get the same warm feeling I felt when she spoke those words to me.

No matter how many of Purington's books I read I am always amazed how well she writes and how the stories flow. The characters are like old friends, made so from the first book in the series. I always feel like I am in the midst of the action and caught up in all the emotions of the characters. And this last book in the whole Viking/ MacLomain group of series has everything I have come to expect and love. It is both exciting and very sad to read the last of such epic books. My heart will miss these characters. Purington has made me believe that one can travel through time and find love, that dragons are real and can soar through the sky and that when you believe, anything is possible. Please get these books and start your journey. IF you love fantasy, time travel and romance then these books will be favorites. VERY HIGHLY RECOMMENDED

What a wonderful book. What a wonderful ending to the Viking Ancestors kin series. This romance ties every thing together with the dragons, seers, sisters, and extended families. Very fast paced plot that answers questions brought about by the previous four books. Strong willed heroines and strong hero's. Beautiful.

Every time I think the ending just can't get any better Sky tops her last. I can't wait to see what Adlin is up to next!

I really enjoyed this series. Read every book even though I had to buy 2. Unlimited allowed the others free. I rarely read paranormal romance, but I couldn't put this series down. I've never done a review before, but felt this series definitely deserved one. Hope you enjoy it as much as I did. Will absolutely read this author again.

Great Series. More please.

Loved it and every other Sky has written! Recommend to anyone loving time traveling romance!
Can't wait for more! Memorable!

Was not nearly as interesting as previous Viking books.
