Leocha's Ski Snowboard Europe: Winter Resorts In Austria, France, Italy, Switzerland, Spain & Andorra (Ski Snowboard Europe)

Synopsis

Leocha's Ski Snowboard Europe takes skiers step by step through planning the vacation of their dreams in the Alps as well as some resorts in Spain and Andorra. Over more than a decade Ski Europe has become known for its no-holds-barred, brutally honest reports on reality at ski resorts. Ski Europe takes no advertising, has no ax to grind, and is written by an international team of prize-winning ski and snowboard journalists.

Customer Reviews

Facts, prices and advice on choosing a ski package, getting around Europe and finding friends to ski with. --New York Times
Detailed information on lift ticket prices, cross-country facilities, nightlife and more. --Powder Magazine
Everything skiers need to know but the weather forecast. --Robb Report

Charlie lives in New England and has skied virtually every major North American and European resort. He is a black-diamond skier, but a double-diamond aprÃ's-skier with great energy and dancing ability. He's knows which resorts have the best wine lists and the best bacon-and-eggs breakfasts.

This book is almost 10 years old now, so some of the information is a little out of date. However, buying this used, I knew that ahead of time and can still appreciate the book for what it does tell me.

I will need to double check the info, but I was lost about where to go and what to expect, so it was nice to get the great reviews that the book does offer. After all, the mountains haven't changed much in 10 years. So while I agree with the other reviewers that this book has lost some effectiveness being so old, for the 5 bucks or so I spend to get it, I am happy with the purchase.

It is a 2008 edition. Useless
