## Synopsis

First published as Love Finds You in Last Chance, California's 1877 and Alexia Travers is alone in the world. Her father has died unexpectedly, leaving her burdened with a heavily mortgaged horse ranch. Marrying one of the town's all-too-willing bachelors would offer an easy solution, but Alex has no interest in marriage. Instead, she dons men's clothing and rides the range, determined to make the ranch a success on her own. Help arrives when Justin Phillips, an acquaintance of her father's, comes to Last Chance with his young son. Justin's and Alex's combined effort to save the ranch quickly turns into a fierce competition between cowboy and tomboy. But when disaster threatens Travers' Ranch, they must work together to save someone they both love. Can these two independent people learn to depend on God and on each other? *Finding Love In...* is a series of full-length romance novels, historical, contemporary, or suspense, that give readers a peek into local life across the United States. The novels are uniquely set in actual American locations that inspire romance and are just plain fun! This means that each fictional story draws on the compelling history or unique character of a real place.

## Customer Reviews

Boy and girl meet....love is in the air....Boy and girl have all kinds of trouble because of lack of communication. Everything is resolved...Boy marries girl. It was ok, but I had to skip lots of descriptions of boy's masculine body and girl's beauty.

A great romantic, historical novel! Very likeable characters, nicely interwoven storylines, great time and setting. No foul language or sex scenes.

What a sweet book I loved the ending too. I like when they get married and the beginning of the 2nd book helped know what happened next for the family

If you love romance & the old West you will love this one. Has so much to hold your attention. Gold, Horse thieves, murder, redemption & more

The characters are wonderfully woven into a great plot. With God's help forgiveness and kindness are shown to loveable and not lovable characters .

It is well written and has interesting historical data though it does reinforce the usual physical perfection requirement for romance.

I enjoyed reading this book for many reasons, but the one reason that stands out the most is the way the author brings the characters to life and makes one either cheer for, moan and grieve for or slap them! Enjoyed, enjoyed this book! ☺

A very good western romance story. It is clean and well written. Plus it has enough action to keep it interesting.
