# Minecraft: Genesis - A Legend Of How It All Began

## Synopsis

Minecraft: Genesis - A Legend of How It All Began is a very exciting story about how the world of minecraft was created. Follow along the first legendary four brothers - Notch, Jeb, Junkboy, and Herobrine - who find themselves to be the first inhabitants of a new world called Minecraft. Their mission is to build a Minecraft society from the ground up. Will their differences pull them together or drive them apart? Will they succeed in building a brave new world?

## Customer Reviews

Bought 4 of these for the gift bags from my son's birthday party. I decided not to get little tricketts like usual and thought the boys would like something Minecraft instead. Boy, what a score. The price was good and the boys thought it was cool. One mom emailed me the day after and said that her son stayed up half the night reading it in its entirety. I apologized and she told me not to since he was actually reading (they are 10 so it isn't always a priority)! My son is halfway through with his copy and he loves the book. Score.

I love to read and lately everyone I talk to young and old are talking minecraft. I wanted to see what it was about. Your book caught my eye. Started it and couldn't put it down. It totally kept my interest and hated when I came to last page. Would very much like to see a sequel from you. Will be looking for it.

An intriguing tale to say the least a definite must have for anyone who enjoys minecraft lore. I definitely recommend this wonderful book.

This book is like a book you read it is a book you read the real book this book is like my mombuscus she like farmnville I HATE IT that is all from you dear ganbuscus amen to you

the reason I give this book four stars is because it really didn't make sense but there were still some action parts and good details in the book. I would have liked it way more if there were some ideas to build stuff in the book.

I really want to know what happens to notch and junkboy. Do they ever have another battle with herobrine? Overall this was a great book though

This book was so good that i wanted to read it over and over and over again. This book was so good u should buy it.

It was an awesome book it had notch Jeb herobrine and moreAlso YouTube people and villagers and squidsEpic
