Invitation To The Life Span

Synopsis

Edition after edition, Kathleen Stassen Berger's bestselling textbooks connect all kinds of students to current state of developmental psychology, in an engaging, accessible, culturally inclusive way. Berger's *Invitation to the Life Span* does this in just 15 concise chapters, in a presentation that meets the challenges of exploring the breadth of the life span in a single term. The new edition of *Invitation to the Life Span* incorporates a wide range of new research, especially in fast-moving areas such as brain development and psychopathology, while taking advantage of innovative new tools for media-centered teaching and learning, including seamless integration with the book's dedicated version of Worth's online course space, LaunchPad. But throughout, as always, the signature voice of Kathleen Berger ties it all together, with relatable explanations of scientific content, wide ranging cultural examples, and skill-building tools for sharper observation and critical thinking.

Kathleen Stassen Berger completed her undergraduate education at Stanford University and Radcliffe College, earned her M.A.T. from Harvard University and an M.S. and Ph.D. from Yeshiva University. Her broad range of experience as an educator includes directing a preschool, teaching philosophy and humanities at the United Nations International School, teaching child and adolescent development to graduate students at Fordham University, teaching inmates earning paralegal degrees at Sing Sing Prison, and teaching undergraduates at both Montclair State University and Quinnipiac University. She has also been involved in education as the president of

Community School Board in District Two in Manhattan. For over three decades, Berger has taught human development at Bronx Community College of the City University of New York. The students Kathleen Berger teaches every year come from diverse ethnic, economic, and educational backgrounds representing a wide range of interests and consistently honor her with the highest teaching evaluations. Berger's developmental texts are currently being used at nearly 700 colleges and universities in a dozen countries and in five languages. Kathleen's research interests include adolescent identity, sibling relationships, and bullying. As the mother of four daughters, as well as a new grandmother, she brings to her teaching and writing ample firsthand experience with human development."

I had to buy this book for a developmental psychology course in nursing school. It was neatly organized into different life stages and within these stages the authors divided development into even more categories. I think it got a bit confusing with overlapping themes the way these authors organized the material, but it was easy to follow overall.

Item came as described! and on time! I will say I thought it was gonna be hardcover, but in the end the softcover is fine, it has the same information

This book is well written, it held my interest, and I actually enjoyed reading it.

Book was required reading for school.

Good read for college classes. Very easily readable.

Great Quality

Was supposedly new yet inside the front and back cover it looks like someone with dirty hands was handling the book because there are clearly black fingerprints inside. The rest of the book looks in very good condition though.

very informative.great social events dated.non bias about allot of decisions one could make.I enjoyed taking this class.
