Dolly Departed (A Gretchen Birch Murder Mystery Book 3)

Synopsis

When Gretchen Birch finds Charlie Maize, owner of a dollhouse shop, on the floor — dead and covered with toppled miniature room boxes — she fears that Charlie's death wasn't an accident. One of the room boxes (displays that depict real-life scenes with furniture and miniature dolls) is the set for a murder, complete with a tiny bloody axe and red splatters on its tiny walls. Customer Reviews

I didn't read all the way through. Didn't like that a little dog was named Nimrod. Who names a dog that anyway? Just an okay murder mystery.

I've become addicted to the Gretchen Birch cozy series. You don't need to be a doll collector to like

the series - you don't even have to like dolls. One of the many things I enjoyed about the series is the Arizona setting. I've never been to Arizona but it makes me feel like I am right there. I think Gretchen is a great character as well as her sidekicks - her aunt Nina and doll appraiser friend April. Not to mention the little dogs! Deb Baker weaves an entertaining storyline and a good mystery. This is worth the read! I enjoyed it a lot!

Good read. It was excited mysterious and kept you on suspense most of the time . Some of the time it was rambling.Good book

Cute story, light hearted reading.

I liked the plot. I hadn't read about doll repair before, so I found the subject interesting. I haven't read about doll repair before.

I love this series. Deb Baker never disappoints. Her characters are unique and her story lines intriguing.

Well written. Good mixture of comedy,mystery, and suspense. I will not write another review. I will not be told how many words I have to write.

An ending with a twist. Looking forward to the next publication in this series.
