Claims Made And Reported: A Journey Through D&O, E&O And Other Professional Lines Of Insurance

Synopsis

The author, with over 20 years of experience in professional lines insurance, interviewed over 400 people in compiling this educational and entertaining overview/oral history of professional lines insurance in the United States (with brief forays into England and Bermuda.) Warren Buffett called the book "worthy of accolades" and said that the chapter on September 11, 2001 was "particularly moving." All proceeds from the sale of this book are split among four charities.

Customer Reviews

This book is absolute gold for anyone involved in professional lines. The ability to gain a comprehensive understanding and history of the industry insider and top professional is priceless to any student of the craft. A who's who account of the top talent, players, and movers and shakers in the business will give you a deeper understanding and appreciation of what goes on behind the scenes. Bravo on a job well done.

The insurance industry is probably thought of as mundane, dull, and not very exciting by the public

at large. This book shows another side of the business that is both unexpected, funny and interesting. Although one might think that only insiders would appreciate the anecdotes in this book, there is genuine human interest that would appeal universally. This book needed to be written to memorialize a totally under reported business of specialty insurance business where more exotic risk taking is the rule and not the exception. Al Wayne
