I Had A Nice Time And Other Lies...: How To Find Love & Sh*t Like That

Synopsis

The New York Times bestselling authors of *Nice Is Just a Place in France* and creators of the online humor and advice phenomenon *Betches.com* and Instagram account *@Betches* return to explain the brutal truths of how to date like a true betch, with insights from the Head Pro. In the age of Tinder, Hinge, or any other dating app that matches you with randos, the dating game has grown complex and confusing. Cue the *Betches* – first, we helped you win at basically everything, and now we’re going to help you win the most important battle a betch can face: dating. Maybe you’re a Delusional Dater who needs to get in touch with reality (seriously, he’s just NOT that f***ing into you) or perhaps you’re a TGF who needs to stop being so desperate and start playing the game. Or maybe you’re just tired of swiping left and ready for the pro of your dreams to put a 15-karat diamond ring on it so you can stop pretending to do work. Either way, we’ve got you covered. So put away the Ben & Jerry’s fro-yo (just because it’s low fat doesn’t mean it’s okay to eat the whole tub) and start dating like a winner.

Customer Reviews

Praise for *I Had A Nice Time And Other Lies...* "Guys are a nightmare. Dating is a nightmare. I'm a nightmare. But this book makes sense of it all, which is all I could ask of a romance novel. This was a romance novel right?" (Babe Walker, New York Times bestselling author of *PSYCHOS: A White Girl Problems Book*) "A necessity for any girl who doesn't want to die alone. Blunt, irreverent, and oh-so-spot on, I only ever want the cold, hard truth from a betch." (New York Times

bestselling author Jessica Knoll)"Are you a betch looking for love? The meme queens behind online phenom @Betches pack their dating bible with Beyoncé quotes, Bridesmaids references...and legit advice." (Cosmopolitan) Praise for The Betches "If you're not following [the] Betches already, then what have you even been doing all this time on Instagram?" (Vogue) "Because we're all a little betchy." (Buzzfeed) "The creators of Betches Love This tackle life's difficult challenges (frenemies, boyfriends, hangovers) with a satirical guide about how to win at basically everything." (Marie Claire, on NICE IS JUST A PLACE IN FRANCE) "Few . . . skewer the artificial life so sharply." (Rolling Stone) "[The Betches'] website and bestselling book...are satisfying because they're anthropologically detailed and because they spell out stuff people think but don't always want to say out loud, just like a good shit-talking betch should." (Jezebel, on NICE IS JUST A PLACE IN FRANCE)

The Betches were born knowing exactly what they want and how to get it.

I finished this book in like 2 days! I couldn't put it down. I wouldn't want my family to read it, especially with how much I like it! It is hilarious and sarcastic and actually teaches you a thing or two! It's for entertainment purposes only and people need to understand that. People who don't like this book are probably the people you don't want in your life anyway! No one needs that kind of negativity! I loved nice is just a place in France and the sequel did not disappoint me! Better read for someone in their 20's and 30's rather than a married woman who is terrified that her husband is out cheating and hates every girl on the planet. I hope there is another book out soon!

The Betches' first book was way funnier. This book was not as entertaining, and it was very repetitive. Had a few good jokes within the content, but I wouldn't buy it if I were you. Arrived on time. Hardback.

I couldn't get to the end of the second chapter. The authors tried too hard to sound "hip" and clever with their language and it came off as very forced. But maybe at 31 years old I'm just not in the intended age demographic for this book

Love, love, love the Betches. Hilariously talented writers. Also- the book arrived in mint condition.

I love the Betches! This is a hilarious book!

Loved this book! I'm not just saying this because it's tear jerking hilarious, but the book is actually practical. Sometimes you need to hear "settle the eff down and slay", and that's exactly what it does.

Hilarious and mostly true, these betches will have you laughing and relating to many of the topics touched on. Good gift and fun to read with girlfriends.

Meh. Was excited to get this but didn't make it past the 1st chapter.
