Customer Reviews

Charlie Richards is almost always an auto buy for me because her books are so much fun. I was especially glad to see a short story with Jared and Carson who are my favorites of all her characters. I was a little disappointed because it was so short but still liked it. The main reason I'm writing this review, however, is because of the cover. This cover is the exact same one used for The Assassin's First Vacation by Catherine Lievens. This was very confusing and I almost missed Charlie Richards' book because I had already looked at The Assassin's First Vacation and decided I wasn't interested in it. When I saw the cover again I was going to ignore it until I noticed the author's

name. I don't know who actually publishes these books, but the covers really aren't interchangeable and more care should be taken to make them different.

I loved this story! Two of my favorite boys and a HOT afternoon delight! It's always fun to catch up with Carson & Jared and I love that they got the first short story. How about Vince & Frankie next time? Or Declan & Lark? You have so many great couples to choose from, it's hard to pick a favorite!

Not long enough i wanted to keep on reading and then it just stopped, it was very entertaining, write some more but make sure that the story is longer,
