# Telling The Time (Usborne Farmyard Tales)

## Synopsis

Stephen Cartwright's charming illustrations of the immensely popular Farmyard Tales characters help young children develop an interest in telling the time. With the help and encouragement of an adult, young children will be able to achieve the pleasure and satisfaction of understanding how to tell the time. The Farmyard Tales Series has sold over 2 million copies internationally. --This text refers to an out of print or unavailable edition of this title.

Product Dimensions: 1 x 8.8 x 11.5 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 3.8 out of 5 stars 6 customer reviews

Best Sellers Rank: #687,291 in Books (See Top 100 in Books) #72 in [Books > Children's Books > Early Learning > Basic Concepts > Time](#) #622 in [Books > Children's Books > Geography & Cultures > Where We Live > Farm Life](#)

## Customer Reviews

I'm not a fan. I wanted a book that would teach more than just the "o'clocks" and this really doesn't. Maybe a good book for a 2-3 year old, but not for helping an older kid understand the clock in a more complex way.

Great for little kids since you can spin the needles in the clock.

This is a great book for learning to tell time and learning different times things are done throughout the day

My 3 year old daughter loves this book for showing me how well she knows her numbers & setting the appropriate time. With my father being a clockmaker this is important in our family. =)

I am mostly pleased with this purchase, as it is in decent condition for a used book. However, it is NOT board-paged. It is hardcover, but the pages inside are paper. My 3 year old son has been learning to tell time and has checked this book out from our local library in the board-paged version for several weeks in a row. He loves the book, the clock component and has even started reading some of it himself! I have a young daughter who loves it as well, but I can not let her see this book on her own since it has paper pages. I'm disappointed in that aspect. But otherwise, I am pleased with the condition.

My 3 year old daughter loves it and got the concept of the big hand on the 12 really easily. Her favorite story at this time.
