I really like how the teacher page includes the Common Core standard for each grade level per Unit. This series help so much when writing lesson plans. The teacher page for all these series include the goal, materials, opening with discussion questions (teacher-directed), instructions, and Closure: Reflection. Stations are set-up with whole class instruction and can be used for centers/stations, or individual. I find this book focusing closely with 5 major areas. Surprisingly, lessons seem to focus on fact and opinion, characterization, making inferences, proof-reading, and dialogue. I wished this book came with more practices.

Kids enjoy independent stations.

Activities that can be done in small group, whole class, or individually. Love the whole series.

Happy

Can't wait to put it into good use. Looks like it will be great for small group or homework.

This book was a great resource for learning for my 7th -9th grade homeschool children. I received a complimentary review copy of this book and was very pleased with what it had to offer. A great tool to make students better writers and encourage the process.
