Customer Reviews

I am a fan of the creative works of the Walt Disney Company but especially the early creative works of Walt Disney and his associates. It gets harder each year to read honest, factual information on Walt and his associates due to all the untrue rumors and "research" that is only a rehash of someone's previous incorrect "research". That is why I much look forward to every Disney book that

is written by Jim Korkis. I own every volume of the series "The Vault of Walt" and it feels like Christmas every time I see a new volume offered for sale. His table of contents of this book is self-explanatory ... Jim continues to cover Disney historical information that I didn't even realize would be interesting to know. Once again, this book is a winner, full of well-researched and interesting stories about Walt Disney, the films, the theme parks, and other enjoyable stories. Anyone who enjoys reliable, entertaining information on Walt and his creative work and associates will be glad to have this book. Thanks, Jim - may there be many more volumes in the future!

The Vault series by Jim Korkis has proven to be very addictive. The stories are very interesting and I particularly appreciate how Korkis provides so much information about the people behind the characters, attractions, and movies of the Walt Disney Company. I can't wait to read Volume 5.

Walt Disney fan favorite

Another excellent book by Mr. Korkis. More never told stories about Walt Disney, his movies, and his parks. Can't wait to read the next Vault of Walt book.

I love this book and the ones before. The chapters are short and self contained. They give great insight on all things Disney!

Great for those who love Walt. Cool stories!

Can't wait to read through this edition to get to #5!

Another great book for the Disneyphile
