Customer Reviews

I honestly can't say enough good things about this book. I love that it combines mandalas (my favorite thing to color) and thoughtful quotes (another favorite of mine). Papeterie Bleu really knows what they are doing especially when it comes to mandalas!! Highly recommend. I received this book at a discount for an honest review.

I am really enjoying this coloring book! The illustrations are well done and fun to color . Each page has a quote on it to just kind of think about, but they're not heavy or over the top. The paper is a nice weight, and is black on the reverse side so that ink won't bleed through. My only complaint would be that the pages aren't perforated, so you have to leave the pages in the book, which can hinder coloring areas near the spine of the book. I'm looking forward to purchasing other books from this publisher, as I am really enjoying this one!

I read all the positive reviews regarding this book and purchased it. I don't know if the manufacturer decided to change the grade of paper being used since the other reviews but the paper in the book I received is neither bright white nor 60 lbs grade paper. I am VERY disappointed with this purchase. Even using Prismacolor pencils, I can see the grain of the paper behind the color...forget trying to get full coverage! Will never buy another book from Papeterie Bleu if the are all made with low-grade paper like this one!

I bought this coloring book because I enjoy looking at patterns and this book doesn't disappoint, the beautiful mandalas are extremely addictive to color and the patterns are not simplistic or "silly" like some other books out there. Worth the buy

I enjoy all of the Papeterie Bleu mandala books and this one is so uplifting. I find myself reading

through it for the positive and relaxing coloring at the end of the day. Each page is unique and great quality with a positive quote to go along with it.

I've been wanting a good mandala coloring book. When I saw this particular one I liked the example shown on the cover, so decided to buy it. Can't wait to get started.

I got this book for myself because they each have sayings on each page. I enjoy the simplicity of the mandalas in this book and like that they can be done when short on time. Would recommend to others.

This is a great book! I just reordered as it is a genuine find!
