Hygge: Discovering The Danish Art Of Happiness – How To Live Cozily And Enjoy Life’s Simple Pleasures

Synopsis

Do you sometimes feel like your life is a mad rush without ending or meaning? Would you like to find something that offers relaxation, happiness and contentment, all rolled into one? You can have all of that with the Danish art of Hygge and it is easier to achieve than you perhaps would think. For many of us in today's crazy and hectic world of careers, family and social lives, we can often forget that the things which are simpler and give the greatest pleasure are often put to one side. The simple pleasure of sitting in silence, watching the sunset, or watching the crackle of a fire as you share a meal can often have a greater effect on our souls than any material thing. And this where Hygge makes its mark. Hygge is more than just a concept. It is a way of being and living that has been adopted by countless numbers of people throughout Scandinavia and the wider world and reflects a "cosiness" that encompasses the positivity and enjoyment that one can get from simple everyday things. It does not need to cost a lot of money and can be as humble as having a warm fire and enough food to eat. Now, you can make Hygge a part of your life with *Hygge: Discovering the Danish Art of Happiness - How to Live Cosily and Enjoy Life's Simple Pleasures*. Inside the pages of this book, you will find six chapters which give in-depth information on what Hygge is and how best to use it in your particular set of circumstances, including:
