Customer Reviews

Exactly what we needed. Great music!

This piece is in its original form. Excellent and easy to read.

Perfect size and quality...so glad I could purchase through .

Very good writing. Staples in binding May rattle a bit. Other than that it is a great book for this piece.

Sheet music is sheet music for the most part. I gave this 3 stars because the last page of music is actually printed on the back of the cover, which is made of plastic, so I can't write notes on it in pencil... very annoying.

This is a difficult piece but beautiful. I heard it on one of the Twilight Saga movies and loved it. I

couldn't wait to play it. Great price for the sheet music, too.

I provided a copy to each of my daughters who play the piano very, very well. Both of them really like this.

Okay, it's not the original edition, but it's well printed and easy to read... we are so lucky that Debussy is now in the public domain!
