Gr 1-3 "In this entry of the eerie early chapter book series, Sam and Antonio are on the hunt for Lucy, who has mysteriously disappeared into her locker. The legible text, high-interest story line, and Ricks's generous and appropriately scary illustrations, make this title perfect for early elementary students looking for spine-tingling tales. --This text refers to the Hardcover edition.

My son just loves these books. I can see the excitement when he reads the books and the way his eyes get wide when a scary part comes up is fun to watch. The book has a lot of black and white pictures and my son always wants to see what they are doing.

I teach 5th grade and this book is definitely written for lower grade levels, but the series has been a major hit with many of my more reluctant readers. The books are fun and suspenseful without being too scary. They are also short which gives reluctant readers success in a shorter time.

My son has read them all. I guess that's all that needs to be said

Love these series books. Easy read for my 3rd grader

My seven year old son has been reading since age 2, but very reluctantly. He'd much rather be playing. We try to get him to read 20 minutes every day, but usually it's like pulling teeth. Last night, he sat down and read this book, cover to cover in about an hour. I couldn't pry him away from the book to go to bed. I will continue to buy Eerie Elementary books as fast as they are published.

My 5 year old loves these books. We read the first one and he loved it so much that I bought this one. He begs to read it every night. We usually read 2-3 chapters before bed and he always begs me to read one more chapter. I was able to find the 3rd book at the library so we will be starting that one next. I definitely recommend this book for school age kids.

I bought this books for myself because I LOVED Sam Ricks illustrations. My daughter who is in Kindergarten saw it and asked me to read it to her. She LOVED it and made me read it to her cover to cover. It was just the right amount of creepy but not too scary. Excited I told her I have the first one as well and she has begged me to read it tonight. Great series!!!

Get the whole series of books for the kids they will love them! Highly recommend!
