## **Customer Reviews**

Mary Novick created the Double Delight concept for children to learn in a fun, interactive way. She is also the creator of the popular Princess Poppets and Mini Marvels series.

Cute little book with flip pages to teach opposites. Entire pages fold open and shut to turn a picture of a preposition or adjective above into their opposites (e.g. above becomes below with a picture of vehicles and a bridge, and long becomes short when the opened flap gives a girl a haircut.). I think the word choice is good for an opposite book. While my 2-year old loves this book, I think it would be most appropriate for ages 3-6. I gave only 4 stars as the pages could be thicker to prevent ripping.

This is one of my three year old grandson's favorite books. He loves to read it over, and over, and over again.

Pictures are Great! Fun flaps,too!! 21/2 yr old granddaughter read it about 4x at first sitting, with meÃfÃ Ä Å,Ã Ä Å, Ä Ë†

One of my favorite books to teach opposites

I love this book and how it shows opposites. It makes it easy and fun to see the differences and the flip up pages make it fun.
