Victoria Smith is the founder of SF Girl By Bay, a leading interior design and lifestyle blog voted #10 among the top 50 design blogs by the London Times. She lives in San Francisco.

As soon as I heard Victoria Smith (sfgirlbybay) was working on a book with Chronicle books, I knew it would be amazing. Beautiful photography in her signature style showing all the neighborhoods, this book is sure to give you a new point of view of the city.

Bought this as a Christmas present for my sister, who has been dreaming of visiting San Francisco for the longest time. She absolutely loved it. The pictures are stunning! :)

Very nice book to have if you love San Francisco and wish to see another point of view. It's interesting to see what catches the attention of this photographer. Another book I can recommend if you like this one is Paris in Color.

Beautiful book of a one of the most photogenic cities on earth. Victoria has a unique view point and a wonderful sense of design in her images and juxtapositions. Great gift especially for anyone you know who might be missing SF.

You can see the love she has for this beautiful city in every photograph. San Francisco has always been a favorite destination for me, now I can wait to get back!

i bought this, it got lost and then sent me a replacement right away. so that was extremely great. but the book itself, i wasn't too crazy about it. the pictures are nice but it wasn't what i thought it would be and overall i would have been okay getting a refund.

The photography in this book is absolutely beautiful and is the main reason that I bought it. The commentary written by the author is not the best and is very minimal. Great coffee book table or gift for friend!

I love this book. The photos are iconic San Francisco, but not the typical touristy photos you see everywhere. Well curated photos. Highly recommend this book to anyone who wants to see San Francisco, but a bit off the beaten path side (but still charming).
