# Bug Out Bag: The Ultimate Bug Out Bag - How To Make A Flawless 72-Hour Disaster Survival Kit That WILL KEEP YOU ALIVE

## Synopsis

Do You Want to Be Prepared for Absolutely ANY DISASTER, ANYWHERE IN THE WORLD? Disaster can strike at any moment. From earthquakes to virus outbreaks, it's never expected, it's never avoidable and it's always a matter of life or death. Those who have prepared ahead of time have the best chance to make it out of a situation like that unscathed and to bring their loved ones to safety with them. I have GOOD NEWS: I am here to transform you into a survivor. I will help you build the ultimate bug out bag that contains all the essentials you will need to get through the first 72 hours after a disaster. I've spent my life honing my own skills as a survivalist, and Now I'm Here to Show YOU How to PREPARE THE PERFECT BUG OUT BAG THAT WILL SAVE YOUR LIFE Hi, I'm Beau Griffin. I'm a well experienced survivalist and I've had a lot of practice at finding my way back to civilization with little more than the shoes on my feet. I've experienced the dangers and I've travelled to five continents to understand the terrain. I know first hand what you will need to do to keep yourself safe, healthy and mobile and I am here to share that hard-earned knowledge with you. Give Me ONE DAY and I'll DOUBLE Your Chances of Surviving a Disaster Give me a week and you'll have a complete list of gear and necessities that will see you through an earthquake, tornado or any other disaster. This guide is a comprehensive look at every item you will need to survive, no matter where you are and what you are facing. In this book, we'll cover:

- How to include the basics without breaking your back
- How to choose the items that will keep you alive, no matter what
- How to plan your bug out bag to cater for every loved one who will be depending on you
- And much, MUCH more.

If You Don't Read This Guide, You Risk Your Safety, Peace of Mind and EVEN YOUR LIFE This bug out bag has been proven to work scores of times over! I'm going to show you how you can be ready for anything, just by collecting equipment and packing it in your bag. All it takes is a willingness to become a survivalist and the knowledge within these pages and you will dramatically increase your chances of surviving a disaster. See the Difference in One Week... or Your Money Back! If you follow the chapters in this guide and feel no more equipped to survive a disaster, simply click one button within 7 days and will return 100% of your money. That's how sure I am that I have the answer to your problem or I CAN help you make it through disaster to safety. Just scroll up now and click the BUY NOW button to start PREPARING YOUR BUG OUT BAG, TODAY!

## Customer Reviews

Being prepared for the unknown is so important and should be a priority. Starting out the book goes over the different aspects of a bag itself and what's important vs what's not. It also goes over a small emergency bag that should stay with you in case you aren't able to get to your main bag. Next is the meat of the preparation: what to put in your bag. It also talks about things like shelter, fire, communication, and pet supplies. Of course there's much more included and it's a great resource on how to be prepared and the basics of what to know.

If your grandad taught you about livin' in the back and beyond with limited resources, then this'll be a refresher (per experience). For you greenhorns, this is a reasonable place to begin your education. NO book will EVER be the end all, be all. With that in mind, this is an excellent place to start if you missed all those Eagle Scout meetings because you were busy with your needlepoint lessons. Overall, I'd give this book a 6.5 out of 10--coming from a Northern California, redneck survivalist with an extensive background in living in harmony with the land; take my advice as you will. Yes, I'd recommend this book--to a newcomer, but not for the experienced "prepper", unless

you want to reinforce your current viewpoint.

This is something everybody should know at all times. You never know when a disaster will strike and when you'll find yourself in a situation where every little thing can count towards your odds of survival. I recommend this book not only because it was well written and factual: because it can possibly save your life.

This book is quite handy in helping someone put together a bug out bag for camping. The author explains why they chose specific gear for its purpose also. This is a great quick read. Very informative & eye-opening to the things most people don't think about. Would be excellent for novices especially.

Very helpful book! It contains a complete list of gear and necessities that you need when an earthquake, tornado or any other disaster will happen. Everyone must read it in order to be prepared when there is a sudden disaster. This definitely can save your life

Great read! If you're like me and think about disasters as well, this guide will learn you how to make a flawless survival kit that will keep you alive! It's a must read for anyone who's interested in survival

Great job on the book, it covers everything you need to know about not only making a BOB but on how to use much of it. Vert detailed book

Great book for survivalist looking for great tips just in case the unthinkable happens. Definitely would use these strategies in an emergency.
