Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I bought this for the music and lyrics. It serves that purpose very well. I improvise piano, so do not really need anything but the melody and chords, which this book has. If you do not improvise and are looking for a very easy to play gospel book, this would be the one.

If your not sure of all the words this book will help you....

This is a great book for beginners.

I want to be able to play and sing these old time favorites at the same time, and the Hal Leonard system makes it easy for me to not have to think too much. I have to practice a lot to get to my desired level of comfort, but I'm getting there, and it's so much fun doing it. I like passing precious time with a precious heart.

One of the best song books for me to use at church...at my level. Simple, but not too simple, with great arrangements. I can play them as a prelude or as a soloist because I have confidence that I can do them well, and people enjoy them.

I'm a new pianist (a few months' study) and some of these are beyond me, but the easier ones are within reach. There are some very pretty arrangements, and I was glad to see some of the older songs there. My mother who has played by ear forever and decided for her 80th birthday to learn to read notes, liked it so much she ordered for herself.

Wonderful collection of many standard gospel songs, however the piano arrangements/chords are not as "gospel" sounding as I had hoped. The arrangements are standard.

Teaching myself to play the piano and I want to learn the songs my mother played. She also played classical music which I am learning as well. I don't get the feeling from the current "Praise and Worship" rock and roll that I get from the classics.
